Steps to begin syncing your data

Implementation Steps

1. A full list of attribute requirements for GDSN is available for review in Section 3 of this document. If you are currently unable to provide the full list of attributes requested, please send what you have available today. You can send additional attributes as they become available.

2. Complete the **Trading Partner Form** on the landing page at https://www.1worldsync.com/community/customers/S. Abraham and Sons/. S. Abraham and Sons will contact you once they have created a subscription for your GLN and let you know when they are ready for you to publish your items.

3. Have your accurate item data loaded into your GDSN certified data pool and ensure it is ready for publication in Production.
   a. Contact your data pool for any education you might require completing this step.

Publication Steps

4. All Suppliers should publish **full catalog for all categories** to GLN 0860000016308 in Production**.**

5. For the first publication Suppliers are to publish all products as "*NEW*". If you are Publishing items that S. Abraham and Sons already has in their back-end system, please Publish via '*INITIAL LOAD*."

6. Investigate and respond to "Review" CIC responses. S. Abraham and Sons will provide feedback
   on publications using the following method:

   Received CIC – Item data was received

   Synchronized CIC – Item data was accepted and integrated.

   Review CIC – Please see "Review" for more details on your Sync Status Report

   Reject CIC – S. Abraham and Sons does not need this item data.

2 ATTRIBUTE REQUIREMENTS

Above and beyond the GDSN Mandatory attributes, S. Abraham and Sons asks for the attributes outlined in the *Attribute Guide* in order to make their initiative successful.

Please note: If you are currently unable to provide the full list of attributes requested, please send what you have available today. You can send additional attributes as they become available.
