STEPS FOR SYNCHRONIZING GDSN DATA WITH WEGMANS

1. Contact Wegmans B2B Team: Brian.becker@wegmans.com, Cady.McMaster@Wegmans.com, Gregory.Foster@wegmans.com or Carrie.Hall@Wegmans.com with the following information:
   - Your Company GLN.
   - Key contact for data sync at your company.

2. Prepare Your Data for accuracy and completeness
   - Ensure that all dimensional and weight information is correct and follows GDSN package measurement guidelines.

3. Publish New and Existing Items through GDSN to Wegmans (GLN 0077890000007)
   - For any new items, please publish as NEW prior to item introduction to Wegmans.
   - Any items already in the Wegmans' catalog, publish Initial Item Load to synchronize.
   - Be sure to include the Coupon Family Code, TI/HI and UPC attributes with all mandatory fields.
   - If there are any discrepancies in the item data, send a correction/change to fix the data.
   - Continue to update item data through GDSN to stay synchronized with Wegmans.
