2 STEPS TO BEGIN SYNCING YOUR DATA WITH MENU FREEDOM

2.1 Implementation Steps:

1. Fill out the Trading Partner Form on the Menu Freedom Landing Page:

   https://1worldsync.com/menufreedom

2. Have your accurate item data loaded into your home data pool and ensure it is ready for publication.

   a) Contact your data pool for any education you might require completing this step.
   b) Ensure you are providing the necessary data attributes requested by Menu Freedom as outlined in Section 3 of this document.
   c) Have your complete and accurate item data loaded into your GDSN certified data pool and ensure it is ready for publication in Production.
   d) Menu Freedom will create a subscription based on Manufacturer's GLN.

   Specific focus should be inclusion of the following information:

   a. Child Nutrition Labels
   b. Nutrient Labels
   c. Formulation Statements

2.2 Publication Steps

1. Menu Freedom requests their suppliers to publish ALL items that are suitable for school kids in K-12 and originated in the United States to Menu Freedom GLN 1200109010804.

2. Publish all items with a Publication Type of "New" for all new publications. Republish as "Initial Load" for items previously published to the Menu Freedom GLN.

3. Investigate and respond to "REVIEW" CIC responses. Menu Freedom will provide feedback on publications using the following methods

2.3 Catalog Item Confirmations (CIC's)

Menu Freedom will automatically return a CIC message to the supplier of "Received". However, the following CICs sent will be based upon the following:

CIC Messages:

RECEIVED: (Auto Generated): Items has been received, but Menu Freedom has NOT made any GDSN validations. This response will typically be sent once publication for a specific document has been completed.

REVIEW: Item does not pass Menu Freedom GDSN validations or item has failed audit process and therefore has data discrepancies to be reviewed and addressed. Menu Freedom will provide a reason as to why specific item hierarchy is in this state for the applicable attribution.

SYNCHRONIZED: Item has fully accepted and loaded into Menu Freedom's internal system and will be updated as modifications and corrections occur. This response will be sent after all validations and audits have been successfully completed.

REJECTED: Menu Freedom no longer wants to receive publications or updates for this item to their internal back-end system or the item has been discontinued by the manufacturer or de-listed by Menu Freedom.
