

Hello! We have some important updates and reminders to share with our supplier community:

1. Data Quality

UNFI expects all suppliers to send accurate and quality data, as it drives item set up and maintenance of data in UNFI's systems. The following are just a few of the critical attributes we need you to publish to us:

- Product Images -- **required!**
 - Marketing-quality front Consumer Unit Image (*showing brand, description, net content*)
 - Case Image
 - Nutrition Facts Panel / Supplemental Facts Panel (*for all edible items*)
- Quality, unabbreviated Product Descriptions
 - published via the GS1 Product Description field
- Product Shelf Life fields
 - Minimum Days of Shelf Life from Production
 - Minimum Days of Shelf Life at Arrival
 - Packaging Date Type Code (*for example, expiration date*)
- Ingredients
- Nutritional Claims
- Allergen Declarations
- Pallet Ti/Hi

As always, detailed documentation and reference sheets are available on our Landing Page and Community Page (links below).

2. Scannable case barcodes printed on all orderable cases

UNFI is rolling out case scanning in all our warehouses. It's critical that all cases have a clearly-printed scannable barcode that reflects the orderable case UPC/GTIN for that item. These printed barcodes should match the case UPCs specified for these items in our system, as shown in our SV Harbor portal.

Note that GS1 standards recommend excluding the consumer barcode from being printed on cases, to avoid inventory challenges when receiving product at the warehouse.

3. FYI - Retired GLNs

In June, we started the process to purge our retired GLNs from the Global Registry and hope to have the process completed in early 2023. If you are seeing rejections from our retired GLNs, this is part of the process, and can be ignored. For list of the retired GLN check out the *UNFI GLN List* document found on our landing page and community page.

Thank you again for your continued partnership with UNFI, as we work together to supply our customers and their communities!

UNFI Corporate GLN: **0041130079153**
